## CityEditor License Model & Pricing

**CityEditor** licenses are available in three different version (*lite*, *standard*, *professional*) each allowing access to a varying subset of the application's features.

Detailed information on the features included in each version can be found in the **CityEditor**'s product datasheet available on the 3DIS website at www.3dis.de.

| Version | License Price per Seat* |
|---------|------------------------|
| *lite* | 200€ |
| *standard* | 400€ |
| *professional* | 600€ |

In case multiple licenses (of the the same or a lower version) are purchased, a rebate of 50% with regard to the original license price is granted beginning with the first follow-up-license.

No additional fees for service or update contracts are charged.

Educational institutions as well as students (enrollment verification required) are eligible for a rebate of 50% based on the above listed prices.

When upgrading an existing license to a higher version the price difference between the higher and the current version is charged as upgrade cost.

If a customer already owns another license of the same or higher version than the one he wishes to upgrade a license to, a rebate of 50% is granted with regard to the original upgrade cost.

*All prices are net prices excluding any value-added tax at the statuatory rates applicable at the time of purchase.
